SLOTO

Multi-Function Non-Contact Breah Analyzer Sloto K1

Comparison between SLOTO and Others

Parameter	SLOTO K1	Others Brands
Sensor Type	**Electrochemcial Sensor Alcohol Specific**	Semiconductor Generic Sensor and some only have memory card & no sensor
Sensor Make	**Dart, U.K. with very high accuracy**	Chinese with no repeatability
Marking	**As per EN Standards**	No Certification
Calibration	**Yes, with Gases traceable to NPL**	just a manufacturer declaration
Warranty	**Upto 2 Year Against Mfg. Defect**	0-1 year
Sensor Life	**2 Years or 50000 Test (whichever earlier)**	Doesn't matter as no accuracy.
Other Features	**Glass Breaking Hammer, Voice Prompt, Laser Pointer, Temp Sensor Free Data Transfer, Buzzer, Flashlight**	Some features are copied but not all and most will fail in 3-4 months
Check for	**SLOTO Logo when you turn on device,**	Copy brands like, Cheetah / MS-10 or others
Customization	**We can Engrave Customer Name and Serial no for easy identification**	Not Possible
